

# Certificate of da Vinci Surgery Observership

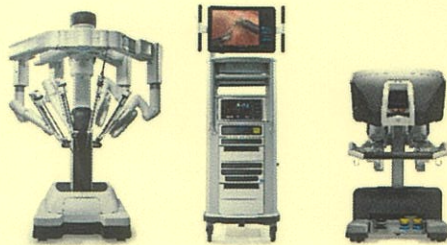

## Dr. Takahito Taniura

has successfully completed a robotic observationship in the role of a **Robotic Surgeon** using the **da Vinci**<sup>®</sup> Surgical System. This program consisted of observation of General Surgery with the **da Vinci**<sup>®</sup> Surgical System. Principles of surgical technique for the management of Colorectal cancer using the **da Vinci**<sup>®</sup> Surgical System were emphasized.

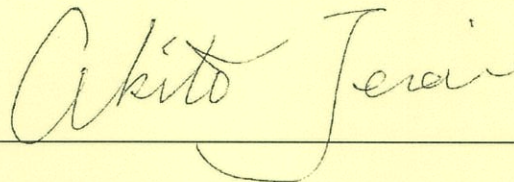

Robotic Observation Program for **General Surgery**

August 23, 2024

Kurashiki Central Hospital

INTUITIVE<sup>®</sup>

Akito Terai  
President / CEO  
Kurashiki Central Hospital

Mitsuru Yokota  
Staff Physician  
Kurashiki Central Hospital

This program is not a replacement for hospital policy regarding surgical credentialing. Okayama University Hospital only trains on the use of the surgical tool, the da Vinci Surgical System. Any demonstration(s) during the training on how to use the System to perform a particular technique of procedure is not the recommendation or the da Vinci of Okayama University Hospital as to such technique or procedure, but rather is merely a sharing of information on how other surgeons may have used the System to perform a given technique or procedure.
